**Ref.: QUOTATION - C-SPAD DETECTOR PACKAGE**

---

Dear Sirs,

We are pleased to place the quotation as follows:

## **QUOTATION**

### **1 - C - SINGLE PHOTON AVALANCHE PHOTODIODE DETECTOR PACKAGE FOR LASER RANGING**

consisting of:

- SPAD detection chip 200 um diameter, vacuum housing thermoelectrically cooled
- built in active quenching and gating electronics,
- time walk compensation circuit,
- temperature stabilization.
- detector housing & collecting optics
- power supply

Main technical parameters:

Photon detection in the range of 1 – 1000 photons / pulse,

- time walk in pulse energies range 1-20 photoel./echo lower than 10psec.
- detection jitter lower than 20 psec RMS
- dark count rate lower than 80 kHz (typically 50 kHz at the repetition rate 10Hz)
- input optics designed for collimated input beam 12 mm in diameter.

## 2 - PRICE:

C-SPAD package	28.750,00 EUR
Shipping charges, insurance	380,00 EUR
